On a Result of Chuang Related to Hayman's Alternative

CMFT 2 No.1 (2002), 293–297. [ISSN 1617-9447]

Abstract. We give an alternative formulation, involving \overline{N} rather than N , of a result of Chuang [1] related to a well-known theorem of Hayman.

Keywords. Meromorphic functions, Nevanlinna theory, differential polynomials.
