On Perfect Nikishin Systems

CMFT 2 No.2 (2002), 415–426. [ISSN 1617-9447]

Abstract. We prove perfectness for Nikishin systems made up of three functions and apply this to the convergence of the associated Hermite-Padé approximant.

Keywords. Hermite-Padé approximation, simultaneous approximation, normal indices.

2000 MSC. 42C05.
