**Uniqueness of Entire Functions and Their Derivatives**

CMFT 8 No.2 (2008), 327–338. [ISSN 1617-9447]

**Abstract.** This paper is devoted to studying the uniqueness problem of entire functions sharing a small function with their linear differential polynomials.

**Keywords.** Uniqueness of entire functions, shared values, small functions, linear differential polynomials.

**2000 MSC.** 30D35.

**Received.** February 14, 2007, in revised form April 24, and June 13, 2007.

**Published online.** September 20, 2007.
